RE: AMERICAN GREETINGS RETIREMENT SAVINGS PLAN

Dear [REDACTED]:

Please note no action is required by you at this time, unless you would like to make changes to your elections in the plan. Regulations require that plan sponsors provide retirement plan participants with notices regarding your plan features. This notice describes your rights and responsibilities in connection with these features.

Direct your investments

You may direct the investment of your contributions to one or more of the plan's available funds, which include a broad range of investment alternatives, intended to allow you to achieve a diversified portfolio. All investing is subject to risk. Diversification does not ensure a profit or protect against a loss.

Your plan's default fund

Your plan also designates a default fund where your contributions will be invested if you have not made an alternative investment election.

Your default fund is the Target Retirement 2030 Trust II (001476)*. Enclosed is a fund fact sheet which includes information about your default fund including the investment objective, fees and expenses, and risk and return characteristics.

Change your investments

You can redirect your future contributions and change the way your plan account balance is invested anytime, subject to each fund's trading restrictions and any purchase fees (if applicable). If you make an exchange out of the default fund, you cannot put money back into the same fund online or by phone within 30 days; however, you can always make an exchange via U.S. mail.

For more information about directing the investment of your plan account, please refer to your plan's Summary Plan Description. For help determining an appropriate investment mix based on your investment goals, risk tolerance, and time horizon, complete Vanguard's Investor Questionnaire at vanguard.com/assetmix, or contact Vanguard using the instructions below.

* This is the fund in which your contributions will be invested if you do not actively make a different investment allocation decision. If your default fund is a date-specific target date investment, your contributions will be invested in the most appropriate fund for someone your age, based on the funds offered by your plan as of the date you are enrolled in the plan. Should your plan subsequently offer a different date-specific target date investment that also may be appropriate for someone your age, your contributions will continue to be invested in the initial target date investment. You can choose different investments for your contributions at any time.

Investments in target-date funds or trusts are subject to the risks of their underlying funds. The year in the fund name refers to the approximate year (the target date) when an investor in the fund would retire and leave the work force. The fund will gradually shift its emphasis from more aggressive investments to more conservative ones based on its target date. An investment in target date funds or trusts are not guaranteed at any time, including on or after the target date.

A stable value investment is neither insured nor guaranteed by the U.S. government. There is no assurance that the investment will be able to maintain a stable net asset value, and it is possible to lose money in such an investment.

The Vanguard collective trusts are not Mutual Funds. They are collective trusts available only to tax-qualified plans and their eligible participants. The collective trust mandates are managed by Vanguard Fiduciary Trust Company, a wholly owned subsidiary of the Vanguard Group, Inc. Investment objectives, risks, charges, expenses, and other important information should be considered carefully before investing.

Tax implications: You will be responsible for paying any applicable federal, state, local, or foreign taxes on a distribution or withdrawal. Early withdrawals may be subject to a 10% federal penalty tax. To the extent required by law, Vanguard will make the appropriate withholding for tax purposes.
